PROFESSIONAL SUMMARY

Accomplished Flutter Developer with a proven track record of delivering visually appealing, high-performance, and user-centric cross-platform mobile applications. Highly proficient in problem-solving, with a meticulous attention to detail, and extensive experience in user interface design, testing, and debugging across both Android and iOS platforms. Capable of efficient self-management during independent projects, while also excelling in collaborative, cross-functional team environments.

EDUCATION

B.tech , Arni University (Kangra, Himachal Pradesh)   2020-2024

SKILLS

Technical Skills	OOPs, Push Notifications, Android SDK
Language	Dart, Koltin
Framework	Getx, Provider, Bloc, Clean Architecture, MVVM, MVC
Tools	Android Studio, Xcode, Visual Studio, Postman, Jira, Intellij IDEA
Soft Skills	Problem Solving, Communication, Team Collaboration
Version Control	GitHub, Gitlab, Bit Bucket

EXPERIENCE

Mobile Application Developer   Oct 2024 - Present
Intileo Technologies LLP   *Gurugram, Haryana*

- Implemented CI/CD pipelines to automate app deployment, testing, and versioning.
- Developed scalable mobile applications, ensuring high performance and user engagement.
- Followed Agile methodology (Scrum) for efficient project management and continuous integration.

Mobile Application Developer   June 2023 - Sept 2024
Snakescript Solutions LLP   *Mohali, Punjab*

- Adapted rapidly to new technologies and provided innovative solutions to complex problems.
- Collaborated with cross-functional teams to analyze user requirements and design intuitive mobile interfaces and solutions.
- Effectively communicated with clients to gather input and feedback for continuous improvement.
- Publish Application on their respective store.

Android Developer   July 2022 - May 2023
Codobux It service pvt Ltd   *Mohali, Punjab*

- Optimized code to enhance software performance and user experience.
- Conducted comprehensive application testing and implemented necessary improvements.
- Reviewed project specifications and provided insightful observations for development.

PROJECTS

Car Assistance App:- Technologies:- GetX, Stripe, WebSocket, Google & Facebook Login . Developed an on-demand car assistance app with real-time service tracking, emergency support, and secure payments via Stripe. Integrated WebSocket for live status updates and Google & Facebook login for seamless authentication

E-Commerce Applications:- Technologies: Flutter, Bloc, WebSocket, Razorpay, Firebase, API Integration, Flutter Flavors. Developed an astrology app with real-time chat, daily horoscopes, and API-based predictions. Integrated Razorpay for transactions and WebSocket for instant messaging. Used Flutter Flavors for environment management

Astrology & Horoscope App (AstroChat) Technologies: Flutter, Bloc, WebSocket, Razorpay, Firebase, API Integration, Flutter Flavors. Developed an astrology app with real-time chat, daily horoscopes, and API-based predictions. Integrated Razorpay for transactions and WebSocket for instant messaging. Used Flutter Flavors for environment management.

Dating Application (Gamers Playground):- Technologies: Flutter, Firebase, WebSocket, GetX Designed a modern dating app with real-time chat using WebSocket, Firebase authentication, and profile management.

Insurance Management App (OPDsure):-. Technologies: Flutter, Provider, Razorpay, SQLite, API Integration, Dark Mode Built an insurance app for browsing policies, filing claims, and tracking applications. Integrated Razorpay for payments, SQLite for offline support, and implemented dark mode.

Travel Booking App (TravelBishop) :-Technologies: Kotlin, Retrofit, Stripe, WebSocket Created a travel booking app with real-time trip updates, secure payments, and personalized recommendations.

Healthcare & Wellness App (Breath & Heart):- Technologies: Kotlin, Firebase, Retrofit Developed a health app for heart rate monitoring, guided breathing exercises, and wellness tracking.

Agricultural Marketplace App (Mitra Kapas):- Technologies: Flutter, Firebase, Google Maps API, Razorpay, Channel Integration Built an agricultural marketplace with product listings, Google Maps-based location services, and real-time communication channels.

KEY ACHIEVEMENTS

- Successfully developed and launched mobile applications live on both the Play Store and App Store.

- Improved application performance and user experience through continuous optimization and updates.

- Lead a team in implementing new features, enhancing the functionality and user engagement of the apps.

- Lead a team in implementing CI/CD automation, enhancing app deployment efficiency.

CERTIFICATES

- **CBitss Technologies** Completed a six-month training program in Android application development.!
