Degree	Institution	Board/University	Year	Percentage
Master of Computer Applications (MCA)	A&M Group of Institutes, Pathankot	IKG PTU	2024–2026	Pursuing
Bachelor of Computer Applications (BCA)	S.R.P.A Adarsh Bhartiya College, Pathankot	GNDU	2021–2024	65%
12th Boards (CBSE)	Sri Guru Harkrishan Public School, Pathankot	CBSE	2021	78%

## **Certifications**

- Web Designing Certification – ETI Institute, Pathankot
  - Web Development – I Developing Solutions, Pathankot
- 

## **Roles and Responsibilities**

### **Front-End Support**

- Support in structuring responsive pages using HTML5, CSS3, and Bootstrap.
- Assist in ensuring cross-browser compatibility and mobile responsiveness.
- Coordinate with UI/UX designers to implement consistent and accessible user interfaces.
- Focus remains on back-end logic, with ability to collaborate effectively on front-end when needed.

### **Back-End Development**

- Build and maintain server-side applications using PHP.
- Design relational databases and write queries in MySQL.
- Write reusable, secure, and efficient backend code.
- Troubleshoot and debug server-side issues.

### **Version Control**

- Utilize Git for managing code versions efficiently.
- Collaborate with team members via GitHub, managing branches, pull requests, and code reviews.

### **WordPress Development**

- Customize WordPress themes and plugins to meet client specifications.
- Create and manage advanced forms using Gravity Forms with dynamic behavior, hooks, and conditional logic.
- Integrate GravityView for front-end display of form data.
- Automate workflows using Zapier and Airtable integrations.
- Perform website migrations, backups, and restorations.

### **API Integration**

- Integrate external APIs for payment, social, and data automation.
- Use webhooks to enable real-time communication between services.

### **General Web Development**

- Translate client requirements into technical specifications.
  - Maintain, optimize, and enhance existing websites for performance and security.
  - Continuously explore and adopt new technologies and industry practices.
- 

#### **Soft Skills**

- Adaptability
  - Time management
  - Effective communication
  - Creative and logical problem-solving
  - Analytical thinking
  - Leadership abilities
- 

#### **Declaration**

I hereby declare that the above information is true to the best of my knowledge and belief.
