

Sumit Kundu

Assistant QA Engineer

✉ mrsumitt777@gmail.com 📞 +91-8683808298 📍 Mohali, Punjab (India)

PROFESSIONAL SUMMARY

Motivated and detail-oriented QA professional with over 1 year of hands-on experience in **Manual Testing**. Currently working as an **Assistant QA Engineer at Antier Solutions, Mohali**, with a strong commitment to delivering high-quality software products. Despite a non-technical academic background, I have developed robust skills in software testing, defect tracking, and ensuring product compliance with client requirements. Contributing to high-quality live applications on Play and App Stores. Strong understanding of Agile methodologies, SDLC, STLC, and test case designs.

PROFESSIONAL EXPERIENCE

Antier Solutions Pvt. Ltd

01/2025 – Present
Mohali, India

- Execute test cases manually to identify bugs and ensure software quality.
- Collaborate with development and design teams to understand system requirements.
- Participate in daily stand-ups and sprint meetings following Agile methodology.
- Log and track defects using JIRA.
- Review and analyze requirement documents to ensure test coverage.
- Perform regression, functional, and usability testing.

QA Intern Antier Solutions, Mohali, India July 2024 – Dec 2024

- Gained real-world experience in testing processes and bug reporting.
- Wrote and executed test cases based on user stories and product features.
- Supported senior QA team members in identifying and documenting software defects.
- Learned tools like JIRA, TestLink, and Excel for test case management.

Learning with Professionals

- Acquired foundational knowledge in manual testing methodologies, including test case design, execution, and defect reporting.
- Practiced hands-on testing techniques on sample applications, enhancing understanding of software development life cycles.
- Developed skills in identifying and documenting bugs, preparing for a professional role in quality assurance.

PERSONAL TRAITS

- Fast learner and adaptable to new tools and technologies
- Strong attention to detail
- Good communication and teamwork skills
- Passion for quality and continuous improvement

EDUCATION

Bachelor of Arts

07/2017 – 09/2020

Though I come from a BA background, I developed strong analytical and communication skills that support my work in QA. My passion for technology led me to pursue training and hands-on experience in software testing, allowing me to successfully transition into the IT industry.
