Career Objective

Detail-oriented and highly motivated QA Manual Tester with 1 year of professional experience at Ditek Innovations. Skilled in functional, regression, API, and database testing. Experienced in healthcare domain projects, ensuring high-quality, bug-free deliveries. Seeking to contribute software quality assurance expertise to a dynamic organization.

Skills

- **Manual Testing:** Functional, Regression, Smoke, Sanity, Integration, System Testing
- **API Testing:** Postman for endpoint validation, request/response testing
- **Database Testing:** Writing and executing SQL queries for backend validation
- **Test Documentation:** Test Scenarios, Test Cases, Bug Reports, RTM
- **Defect Management:** Bug reporting, tracking, and retesting
- **Tools & Technologies:** Postman, MySQL
- **Domain Knowledge:** Healthcare Applications

Professional Experience

QA Manual Tester

Ditek Innovations

January 2025 – December 2025

- Worked on 2–3 healthcare domain projects ensuring stable and bug-free releases.
- Performed functional, regression, smoke, and sanity testing to validate product quality.
- Conducted API testing using Postman and validated request/response payloads.
- Created and maintained test cases, test scenarios, and bug reports across multiple releases.
- Collaborated closely with developers to reproduce, track, and resolve defects.
- Delivered high-quality projects with zero major production issues.

Education & Certifications

- **Bachelor of Computer Applications (BCA)** – Pursuing (Distance Mode), IGNOU
- **12th (Senior Secondary)** – GMSSS Sector 19, Chandigarh
- **10th (Secondary)** – NIOS
- **Job Training Certificate** – Financial Markets Management

Projects

Healthcare Applications (Multiple Projects)

- Tested patient management, appointment scheduling, and healthcare record modules.
- Performed end-to-end testing of workflows and system integrations.
- Ensured bug-free production releases through detailed regression and system testing.

Strengths

- Strong analytical and problem-solving skills
- Detail-oriented and quality-focused mindset
- Quick learner and adaptable to new domains and technologies
- Effective communication and teamwork skills
