

1. Notification

- After a notification has been opened, how long will it stay on the notification dashboard before it disappears.

2. Sorting

- How does the sorting work here (what is dictating how information is laid out currently), is it by User name, S.No etc? (On attached pdf)

3. Forum Chat Style

- For communities we discussed having a forum type e.g. reddit style as currently it is a continuous page.

4. Anything deleted e.g.

- Deleted accounts (creator/ viewer), should be in a 'Deleted bin' that keeps items in the system for e.g. 30 days/ 60 days, incase accidentally deleted it should be retrievable for admin)
