| Club  | Workout detailed      | #45 i don't think this needs another page... it could just come up at the bottom   |   | <a href="https://prnt.sc/Smiev_Um_DGk">https://prnt.sc/Smiev_Um_DGk</a> | <p>we have created couple of screens related to that you can share your feedback we are thinking the flow like this user can click on "+" icon to add the set on the same screen and user can "-" if they don't want to add that set.</p> <p>also we are showing the list of exercises with "Next" button on upcoming exercise</p> <p><b>One more question</b> - If the user added a set they can also remove it?</p> |               | 1 Hr  |
| Club  | Dashboard/home screen | #53 in the overview of each day, i'd love to have a section for coach's notes. i like the monthly, weekly and then daily notes.. not sure the best way to show this? | <p>Designer perspective - we are currently working on screen which is showing data for a day so how do you plan to accommodate weekly and monthly data on the same screen. And also we have to add the icons</p> <p>The Coach we are talking is the personal trainer or the admin who will provide the notes here? And I think This should be on Coach/Champion user screens and we are working on club user screens.</p> <p>Another point - do you want the notes to be all open on screen or just a hyperlink to open a popup</p> | <a href="https://prnt.sc/MmCVUTal6mX8">https://prnt.sc/MmCVUTal6mX8</a> |   |               |   |
