- Can you show all the events on one page instead of having to scroll through pages?
- Also include Are You Sure You want to remove event from your saved events.
- Please work on calendar visually, the image above is the design, it should look like that. Don't worry about the times of the events as much because it will make the calendar very long, so just do them one after the other on the day.

- This doesn't look good, should be like this. Do them underneath each other, again don't worry about the times, because most of them will have similar times so it will make it hard to fit. Just put them one

after the other like the image below.

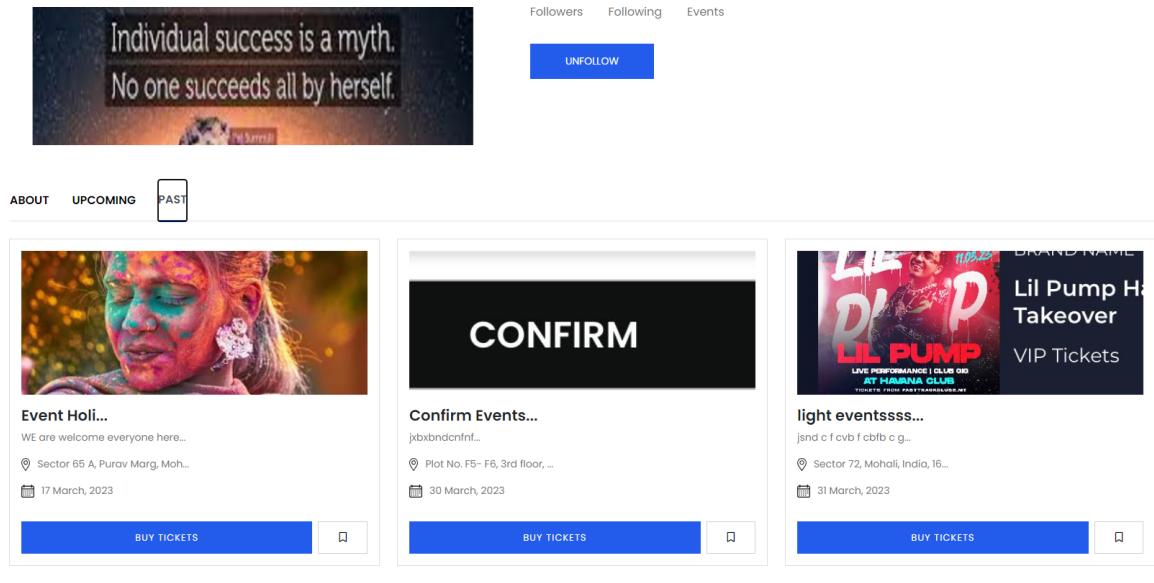

The functionality is good of the calendar so well just, just focus more on making it look good please. Also in general events won't be longer than 3 days, so no need to do long events like 3 months.

- Event details page:
  - there is nowhere to save/unsafe event
  - Please make the location clickable
  - What does add to calendar do? I don't see any changes.
  - Make the images of the artists smaller.
  - Please fix the order like i already mentioned, order should be:
    - About Event
    - Organiser
    - Line Up
    - Interested
    - You May Also Like
- Organiser profile page from user:
  - Please fix the numbers on the profile , should be followers and number of events.

9            2000            20K  
 Followers    Following    Events

- The events in the past in an organiser page are not showing event media

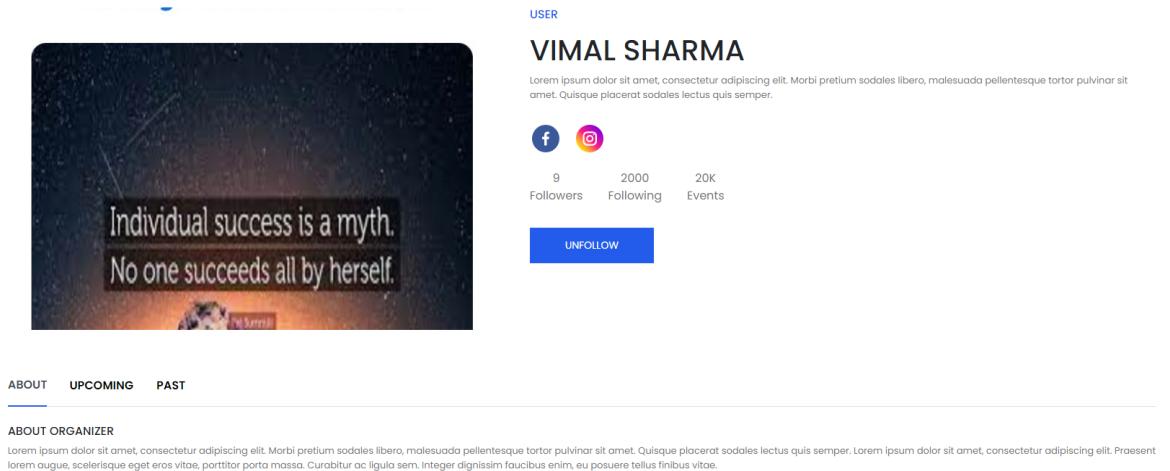

The screenshot shows an organizer's profile page with the following statistics: 9 Followers, 2000 Following, and 20K Events. The bio reads: "Individual success is a myth. No one succeeds all by herself." Below the bio is a "CONFIRM" button. The page navigation tabs are "ABOUT", "UPCOMING", and "PAST", with "PAST" being the active tab. There are two event cards displayed:

- Event Holi...**  
 WE are welcome everyone here...  
 Sector 65 A, Purav Marg, Moh...  
 17 March, 2023
- CONFIRM**  
 Confirm Events...

 30 March, 2023

Each event card has a "BUY TICKETS" button and a magnifying glass icon. To the right of the cards is a promotional banner for "Lil Pump H Takeover VIP Tickets".

- Images do not load when you click on them. If there are no videos/photos, write No Photos or No Videos.
- The organiser MUST have somewhere to edit his bio/about description. This was already mentioned please so make sure to fix even in the application. Can be implemented like the change name feature.

No one succeeds all by herself." Below the bio is a "CONFIRM" button. The page navigation tabs are "ABOUT", "UPCOMING", and "PAST", with "ABOUT" being the active tab. There is a "USER" section for "VIMAL SHARMA" with a bio placeholder: "Lorem ipsum dolor sit amet, consectetur adipiscing elit. Morbi pretium sodales libero, malesuada pellentesque tortor pulvinar sit amet. Quisque placerat sodales lectus quis semper." Below the bio are social media icons for Facebook and Instagram, and the same follower/following/event counts as the main profile. There is also a "UNFOLLOW" button.

Below the "ABOUT" tab, there is an "ABOUT ORGANIZER" section with a placeholder bio: "Lorem ipsum dolor sit amet, consectetur adipiscing elit.
