

1. Subscription Set Up

Listed are what we could incorporate into the subscription packages.

Some of the listed features are not yet built into the site, this I know

With every feature shown in the subscription table;

Free	Plus	Ultra
	Everything upgraded from free, including	Everything in Plus, including
Lo-res photo/video access	High-res photo/ video access	Change username <i>only possible twice a year</i>
	HD photo/video downloads	Special badge
20 chats per day <i>only</i>	Full chat history	Send disappearing media (photos/ videos)
	Unlimited chats	Full access to creators' content
	Instant notifications	See who viewed your profile
	3 Daily sneak peaks	Unlimited sneak peaks
	Archive/ library folder for messages	Early access to new items.
	Ability to favourite/ bookmark a community	Premium services
	Member-only content	

2. A sorting system needs to be incorporated as well.

User's need to have the ability to search/ find (an)other user(s) via:

- **Interest's**, *tattoo's, cycling, swimming, modelling etc*
- **Likes**, *find users who like what you like (have common interests)*
- In eg Communities, you can **sort community** name by date/ name and also search for community name and
- For usernames search, you can **find by** a username by name and also be able to sort search result of names via descending and ascending
